SCALES BROKE OUT ALL OVER HER BODY

Scalp Affected, Hair Began to Fall. Hands So Disfigured She Had to Wear Gloves All the Time. Two Hospitals Unable to Assure Cure.

First Application of Cuticura Soap and Ointment Allayed Itching. Psoriasis Has Disappeared.

"Allow me to say a few words in praise of the Cuticura Remedies. About three years ago, I was affected by white scales on my knees and ethows. I consulted a doctor who treated me for ringworm. I saw no change and consulted a specialist and he claimed I had psoriasis. I continued treatments under him for about six months until I saw scales breaking out all over my body save my face. My scale was affected, and my hair began to fall. I then changed doctors to no avail. I went to two hospitals and each wanted to make a study of the case and seemed unable to cure it or assure me of a cure. I tried several patent medicines and was finally advised by a friend who has used Cuticura on her children since their birth, to purchase the Cuticura Remedies. I purchased a cake of Soap, the Ointment and the Resolvent. After the first application, the itching was allayed.

was allayed.

"I am still using the Soap and Ointment and now feel that none other is good enough for my skin. The psoriasis has disappeared and I everywhere feel better. My hands were so disfigured before using the Cuticura Remedies that I had to wear gloves all the time. Now my body and hands are looking fine." Litigation Growing Out of Failure

of Newport News Bank

Nears Settlement.

[Special to The Times-Dispatch.]
Newport News, Va., February 21.—
Agreeing to pay \$8,900 in settlement for the full amount of the claims against them, City Treasurer J. M. Curtis, former City Sergeant E. W. Milstenda and Mily Sergeant E. W. Milstenda and Mily Sergeant E. W. Milstenda and Milk Sergeant E. W. Milk Sergeant E. W. Milk Serg tis, former City Sergeant E. W. Mil-stead and Manley H. Barnes have offected a compromise which probably wil! finally end litigation in the famous case of the depositors of the Savings Bank of Newport News against that institution, its officers and directors. the court confirms the agreement entered into by the receiver and counsel for the parties, the depositors will get an additional 15 per cent, of their money, making a total of 40 per cent. that they will receive of the \$42,000 they had on deposit in the Savings Bank of Newport News at the time the doors of that institution were closed, following the suicide of its president,

Irwin Tucker blew out his brains in May, 1906, after losing nearly the whole of the funds of the bank in speculation. He left a note in which he said that he hoped his life insurance policies would help to pay on the depositors. However, nothing has ever been recovered on the policies.

At the time the bank closed there was hardly enough actual cash in the vault to pay off the janitor. Suit was filed by the depositors, through Charles C. Berkeley, of this city, and A. C. Braxton, of Staunton, against the bank and its officers and directors for the full amount of their deposits. Judge John Ingram, of Richmond, was ap-pointed by Governor Swanson to sit for Judge Barham, of the local Cor-poration Court, in the case. After a long drawn out trial, during which much bitter feeling was engendered by the attacks of counsel for the depos-itors upon the defendants, the court handed down an opinion holding Dr. Clarence Porter Jones, Dr. Carter Perthe full amount of the deposits. Bris-tow was not within the jurisdiction of the court, but is said to have been practically bankrupt, and the judgment threw the other three against whom the verdict was rendered into bankruptcy. The plaintiffs received practically nothing from the judgment. In the meantime, Allen D. Jones, re-ceiver for the defunct bank, had been realizing on the outstanding paper of the institution, and had refunded to he depositors 25 per cent, of the total of their money.

Counsel for the plaintiffs appealed from the decision of Judge Ingram, in which the court held that Milstead, Curtis and Barnes were not directors of the defunct bank at the time the doors closed, and recently a writ of error as to these three was granted. The contention of the plaintiffs was that while Curtis, Milstead and Barnes were not actively participating in the bank's affairs, had not attended a directors' meeting in years, if at all and did not consider themselves directors, their names were being used on the bank's stationery, and the fact that they had never had their resignations as directors accepted made them liable This was the contention the Supreme Court would have heard had the compromise not been effected. The litigatnon has been very costly

to all parties concerned, and the de of the money that has been returned to them in prosecuting the sult.

Johnson was accused of killing the sexton foreman at Jarratt about two months ago, and while officers were attempting to arrest him he opened fire on them, the balls of a 38-caipre revolver passing through the hat of M. B. Holtzclaw, and through the coat of J. K. Person, special constables. Johnston was then fired on several times by the officers, but with no effect, and he made good his escape. He was arrested in Suffolk a few days ago, and brought to this county yesterday. Johnston has now turned State's evidence on several of his accomplices, and other arrests are expected to follow in a few days.

Conditions Again Normal-No Meeting of Board Has Been

[Special to The Times-Dispatch.] Lexington, Va., February 21.—Affairs have assumed their normal status at the Virginia Military Institute to-day. The dismissed cadets have, with few exceptions, left for their homes. No meeting of the board of visitors has been called relative to the dismissed cadets, and none will be called, General Nichols stated to-day.

The corps of cadets was organized into a battalion of four companies this afternoon, instead of six, as heretofore. The two extra captains and first sergeants were placed on the staff, and the four extra lieutenants made officers in the newly formed companies. In order to fill vacancies caused in

the list of corporals by dismissals, six-teen second-class men were appointed, who accepted, and thus showed their willingness to maintain discipline at the institute, as second-class men rank

Steps looking towards the reinstatement of members of the third class of the Virginia Military Institute, who were expelled on Monday will be taken, this week, by some of the students and their parents.

However, no authoritive statement along this line was given out by any official last night. Governor Mann said that no one had approached him on the subject, while Adjutant-General Sale said that the question of reinstatement might be taken up with Superintndent Nichols, though he had heard nothing of it.

Richmond boys who were among the seventy-seven shipped, arrived home yesterday, but none of them would talk. Parents assigned the unwillingness of their sons to discuss the situation to their hope of reinstatement.

Accepts Invitation of Fredericksburg
Association—Work on Power House.
Fredericksburg, Va., February 21.—
W. T. Dabney, manager of the Chamber of Commerce, Richmond, has accepted an invitation to address the Business Men's Association of Fredericksburg, in this city, on Tuesday night, March 14.

Work on the power house of the Electric Generating Company, in this city, is progressing rapidly. For this work on the power house, and for the construction of the large flume connecting the power house, with the distributing canal of the Fredericksburg Power Company, there have been given large orders for reinforcing steel and for large quantities of cement for quick delivery, as the work will be pushed with all possible haste until the power house and flume are completed, machinery installed and the electric current turned on. Arrangements have been completed for the machinery to be installed as soon as the building is ready, and the question of a pole line for the distributing plant is now being considered. It has not been definitely determined whether to use wooden poles or concrete poles, reinforced with steel. It is confidently expected that the power house and flume will both be in operation by September of this year.
